

PAPER AIRPLANE

Let your creativity soar! Color and design your paper airplane, then cut it out and follow the folding instructions below to make your awesome aviation creation.

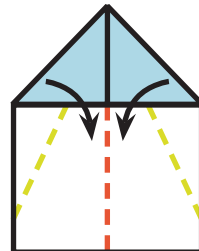

1. Fold paper in half on side with colored lines, then unfold.

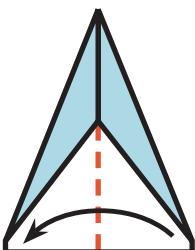

2. Fold top corners inward toward center crease.

3. Fold both sides inward with corners at the center crease.

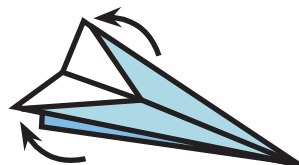

4. Fold plane in half.

5. Fold both plane wings outward, meeting the bottom edge.

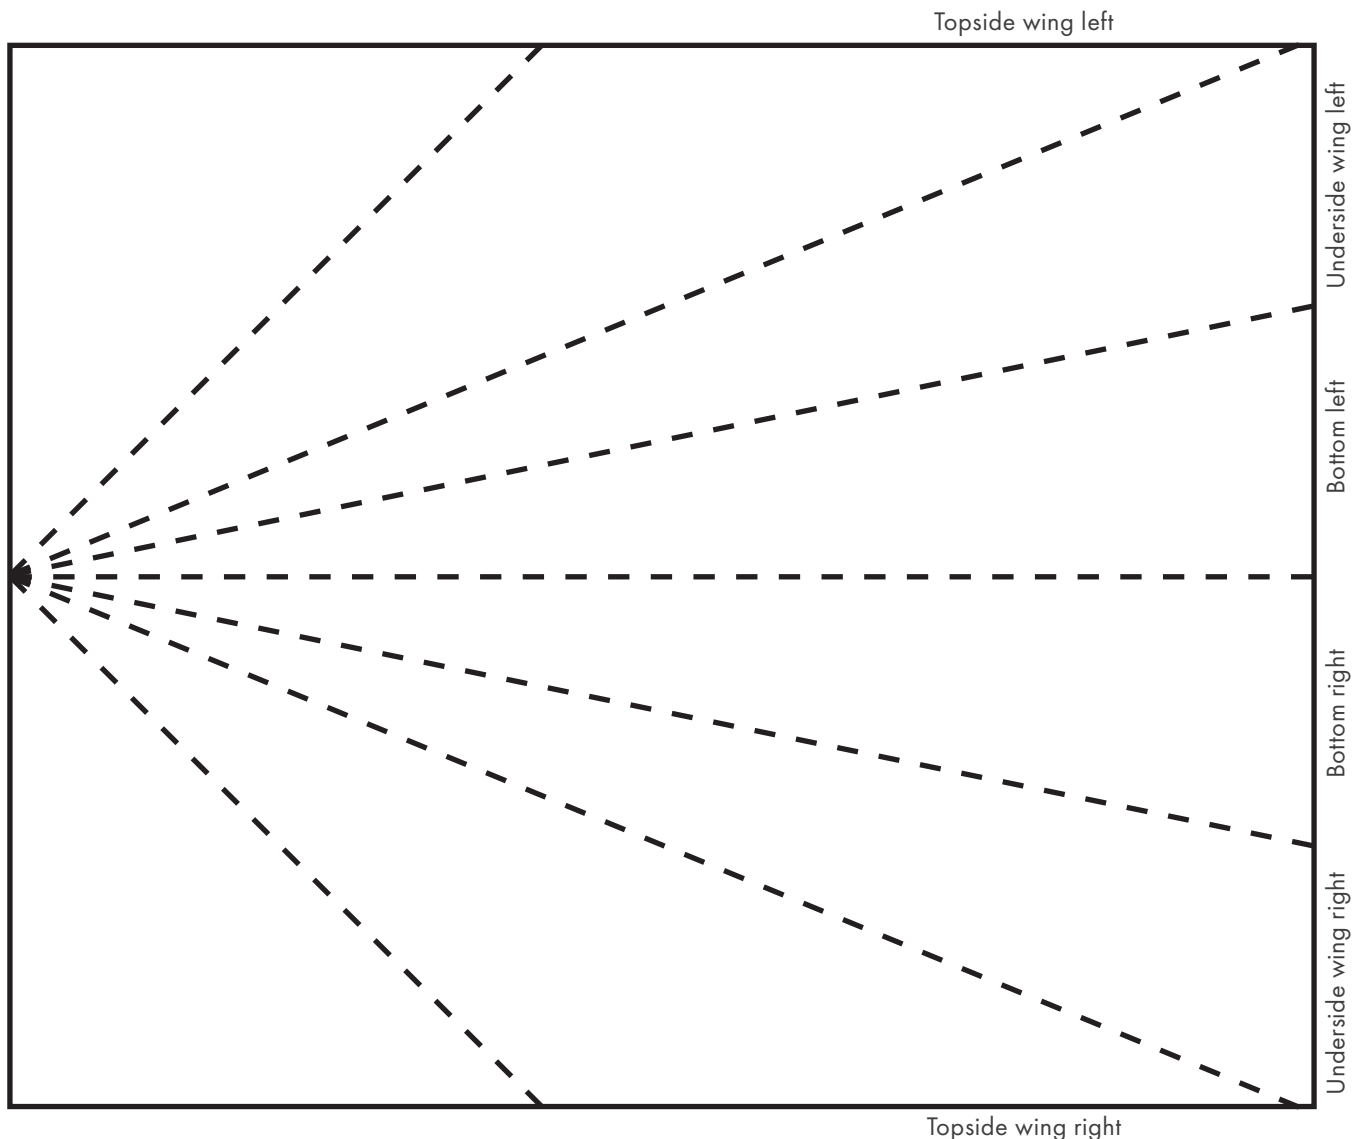

6. Unfold wings and you're ready to take flight!
